David – Thanks for the feedback, that was our thinking as well and DOJ agreed. Attached is the as-filed version of EPA's status conference request, along with Maine's filing. Maine proposes a schedule similar to what the court entered previously and objects to bifurcation.

We will let you know when the status conference is scheduled.

David,

This Friday, we will be filing a status report with the court requesting a status conference to discuss the briefing schedule in the Maine WQS litigation. Attached are two versions of the status report

We'll be discussing this at Reg Review, but wanted to pass these along in case you want to take a look beforehand.
